Dear Sir or Madam

February 03, 2021

Re: application for Automotive / Tuning Copywriter

I am studying management at the Silesian Technical University in Zabrze. I am writing in response to the advertised in a website position of Copywriter.

I am really interested of this offer because I am keen on automotive. Also I am looking for the opportunity to gain some experience. I have a very positive attitude to learning new skills.

I have huge knowledge about cars and their tuning abilities. I spent hundreds of hours for reading articles and visiting sites of brands dealing with increasing power of cars.

Additionally from some time I watch a popular channel on YouTube run by the person who shows how a chiptuning workshop works and what you should pay attention to.

My experience in tuning is only to increase the power of my previous car through chiptuning.

I am available for interview at any time convenient to you. I look forward to hearing from you. I enclose my CV for your consideration.

Yours faithfully,
Wojciech Świder
